Our Solar housing can provide an affordable housing solutions to many countries or governments who are facing housing crisis. Our solar housing solutions are quick to set up and provides its own electrical power and hot water supply. People living in areas where there are no grid cover or disaster ravaged areas can benefit using our solar housing. Falcon Energy Worldwide Inc. is proud to work with any community or government organizations to ensure better living standards are available to anyone in need. We strongly believe in community sustainability and will employ up to 90% local labor on all projects.
